**Manual Bath Lift – “Peter Pan”**

The Peter Pan bath lift has been specifically designed for the homecare market. A unique and patented bath lift that requires no external power source.

That’s right, this is a manually operated bath lift. Simply locate the removable handle into the correct position and turn. The mechanism which requires little effort, and can be turned by the user, (depending on their strength) or, by a carer or a person assisting the bathing process.

- 10 year warranty (except covers and suction feet)
- No electrical parts
- No need to remember to charge the battery
- Very easy to maintain
- Cost effective

The Peter Pan can be lowered down to 7cm above the bottom of the bath. The maximum seat height is 43cm. The bath lift can be used with or without the back rest, so you can enjoy a bath any way you like. A soft transfer disc is included, which will help the user mover to either side to aid safe transfer.

It is made from stainless steel and is extremely light weight – only 8.8kg (19 lbs). As it is so light, it makes the bath lift very portable and so it can be easily transported.

Specification  
 Seat height: 70mm to 430mm  
 Seat size: 390mm x 590mm  
 Back options: 7° or 30° or removable

Peter Pan Bath Lift contains:

- Frame
- Seat and back
- Soft disc
- Handle
- Handle box
- Manual

## 1 The Bath Buddy

If you have forgotten what it is like to bathe in comfort, to be in a bath where you can lie back and have a long soak, then try the Bath Buddy. This inflatable bath lift is so easy to use just press the soft touch button on the hand control and you will be gently lowered on a cushion of air down to the bottom of your bath. When you want to re-inflate the Bath Buddy simply press the up button and you will be lifted gently out of your bath, you will always be in control. All the fittings are soft so there will be no damage done to your bath. Requires no installation and takes just a few minutes to set up. The Bath Buddy is easy to clean and packs away for storage.

## 2 Bath Buddy Bag

A useful accessory for travelling.

**PR46003**

## 3 Wizard

A comfortable bath seat, that uses a hydraulic piston to gently and slowly lower the user down in the bath. It has four strong springs to raise them up again with a little assistance on the bath rim from hands or forearms.

The seat is mounted on a stainless steel frame with sucker feet at the front and roller wheels at the back.

It can be locked in any position with a simple lever allowing the raise to be done in stages if required, but locks automatically when it reaches the top.

<b>Seat Size</b>	330 x 483mm (13" x 19")
<b>Height Range</b>	75-325mm (3"-12½")
<b>Carrying Weight</b>	4.2kg (9lbs)

**PR46000 User Weight 63-102kg (10-16 stones)**

**PR46001 User Weight 50-82kg (8-13 stones)**

**1 Slatted Bath Board**

This high quality Slatted Bath Board is strong, comfortable and provides easy drainage. Constructed from plastic it is light weight and easy to assemble and fit. Rubber pads are under the bath board to help prevent slipping on the edge of the bath. Seat Length: 660mm (26") Seat Width 230mm (9")

**PR46041/26**

Max user weight  

**2 Slatted Bath Seat**

This high quality Slatted Bath Seat is strong, comfortable and provides easy drainage. There are four suckers on each leg which securely holds the bath seat in place. Seat Size: 280 x 458mm (11" x 18") Overall Height 200mm (8")

**PR46040**

Max user weight  

**3 Handle for Slatted Bath Board**

This handle gives the user added security when transferring on to and from the Slatted Bath Board. The handle is made from plastic and is comfortable, strong and easy to fit. This handle will only fit PR46041.

**PR46041/H**

**4 Atlantis Showerboard**

A showerboard and bathboard in one unique super safe product. Cut out allows easy access for personal hygiene whilst seated - reduces risk of slips and falls

- Locates securely at the end of the bath to maximize legroom and space to move around
- Can be supported on three sides for extra stability, reducing risk of falling backwards
- Designed to drain excess water back into the bath
- Lightweight with large handholds – easy to move it around and store
- Comfortable, even for extended periods of time
- User friendly round edges and gentle curves
- Designed to reduce risk of tipping forward however far to the front the user sits

Board size 686 x 470mm (27" x 18½")

**PR46042**

Max user weight  

## 1 Derby Bath Seat

To help reduce lowering and raising in the bath, the Derby bath seat is available in two heights. Finished in lightweight, cream coloured tough plastic with a textured seat to prevent slipping. Leg positions are adjustable to give maximum stability with different bath widths and are fitted with large rubber suckers to give a firm grip. Available in two heights.

Seat size: 400 x 200mm (16 x 8")

**PR46006 Height 150mm (6in)**

**PR46008 Height 200mm (8in)**

Max user weight  

## 2 Cosby Bath Seat

A generous, specially designed seating area provides an anti slip but comfortable platform for the larger user. This strong but lightweight bathseat has a cut away design at the front to aid personal cleansing. Fixes to the bath with four large suckers.

Size: 460 x 295 x 200mm (18 x 12 x 8")

**PR46408**

Max user weight  

## 3 Bath Board with Handle

For ease of transfer and added security, this moulded plastic bath board is supplied complete with handle. Providing a comfortable contoured seating area for sitting whilst bathing, it has well spaced holes for drainage. The width adjustable brackets have anti slip rubber pads to give a stable platform and protect the baths surface. Length 675mm (27"). Width 275mm (11").

**PR46409**

Max user weight  

## 4 Derby Bath Board MKII (with handle)

This bathboard is strong and secure, slatted for good water drainage and is made from non rusting plastic. It adjusts to fit securely and provides a seat across the bath. The seating area is slip resistant and there is an adjustable handle for added security for the user. Adjustable deep brackets fit inside the bath.

Size: 710 x 305 x 70mm (28 x 12 x 3")

**PR46007**

Max user weight  

## 5 Derby Bath Bench

A truly safe bath bench which hooks under a wall fixed grab bar and hinges down across the bath and is kept securely in place against the bath rim with two brackets. Also removes easily when not required leaving the bath free for normal use. Because the bench is secured to the wall it can safely extend beyond the edge of the bath making side transfer easier. The Derby bath bench is strong and wide, smooth plastic for ease of transfer and has a built in anti bacterial action.

Size: 840 x 400 x 35mm (33 x 15 x 1.5")

**PR46075**

Max user weight  

**1 Swivel Shower Seat**

A sturdy white plastic seat that can rotate and lock into position to allow a user to sit comfortably and facilitate movement over the bath. The seat is fixed to a powder coated stainless steel frame that rests securely on the rim of the bath. The two arms provide security for the user. The holes in the seat facilitate quick drainage.

<b>Seat Size</b>	368 x 406mm (14½" x 16")
<b>Width Adjusts Inner</b>	558-774mm (22"-30½")
<b>Width Adjusts Outer</b>	710-927mm (28"-36½")
<b>Carrying Weight</b>	5.3kg (11.6lbs)

PR45579

Max user weight  

**2 Small Fold Down Shower Seat**

This comfortable shower seat is fitted to the wall and can be folded up when not in use. It has two height adjustable legs at the front to provide extra support and stability. These legs are fitted with non slip feet and are adjusted with pin clips. The seat is available padded or plastic and is mounted on to a plastic coated steel frame.

	Seat
<b>Height</b>	465-565mm (18"-22")

### 3 Edge

Edge is a height-adjustable, comfortable triangular shower stool that fits perfectly in a corner. Thereby it takes up very little space in the shower. To vary the seat position, the stool can be turned so that a corner faces forward. The seat can also be set with a slight forward angle.

The versatility of Edge makes it the perfect shower stool. The seat design ensures a stable, safe and comfortable position. The stool is height-adjustable and it is also possible to set the height with a slight tilt, to facilitate standing up.

The legs of Edge are slightly angled outward to increase stability. Edge stands firmly on all three legs thanks to its built-in flexibility. Also the soft ferrules will always grip the floor.

The light weight makes Edge easy to move around in the bathroom. The design also facilitates cleaning. Edge comes flat-packed and is easy to assemble without the need for any tools. Furthermore, Edge is stackable. Colour Green. Carrying Weight: 2.6kg (5.7 lbs)

**3 The Clean**

The Clean shower and hygiene chair for environments where infection-control is of prime importance, featuring a unique single steel tube design which does not rust. The plastic parts on the Clean are strong, light, smooth and easy clean, hence the name. (Its leather like surface creates good friction when wet or dry.) The Clean offers a soft seat and back attachment which will make your shower more comfortable and relaxed. Sideways transfers are not a problem as the whole arm can be attached and detached easily from the chair. It has ergonomically-shape ended armrests, comfortable to hold on to and offer good grip to the users. The wheels are made of solid plastic, with easy to push down brakes for security. The footplate, which is fitted as standard will protect your feet from the wheels with the sides, the foot plate can easily be pushed under the seat when not required. The Clean offers stability and comfort to users and you will not be disappointed with this product.

## 1 Bath And Scrub Sponges

Our most popular sponge is available in three styles. These lightweight sponges feature soft polyfoam attached to a plastic handle. Designed as bath sponges, these versatile sponges also can be used for a variety of household tasks. The scrub sponge has a loofah-style surface on one side. Bath sponges are available with round or contoured sponges and the Scrub Sponge is available in the round style only. Handle can be shaped with a heat gun. All three sponges measure 130mm (5") in diameter.

	Long 560mm (22")	Short 360mm (14")
Round	PR45033	PR45035
Contoured	PR45034	PR45036
Scrub	PR45037	N/A

## 2 Bath Kit

Ideal for washing hard-to-reach areas. Choose from the attached scrub brush or four additional attachments to wash the body easily, without bending or reaching. Use the two small sponges for washing between toes or the two round sponges for washing back and legs. The attached scrub sponge is ideal for washing the bottoms of feet. The long, plastic handle holds the scrub brush and accommodates one screw-on attachment at a time. 558mm (22") handle.

**PR45038**

## 3 Long Handled Sponge

Colourful rectangular sponges, mounted on a lightweight epoxy coated aluminium handle. These long handled sponges have a vinyl hand-grip to reduce slipping from wet hands. They are also great for cleaning the bath without bending over. Colours may vary.

Code	Description	Length
PR45055	Long	530mm (21")
PR45056	Extra Long	760mm (30")

## 4 Body Care Body Washer

Non-slip handle for a secure grip while bathing. These long, curved handle scrub brushes provide easy bathing for persons with limited range of motion. Closed-celled foam is covered with comfortable nylon mesh for gentle scrubbing. Nonslip rubber handle provides a secure grip even when wet.

**PR45046 Curved 790mm (31")**

**PR45019 Straight 410mm (16")**

## 5 Body Care Hair Washer

Unique brush increases reach. This brush has a 250mm (10") long handle that allows individuals with limited reach to shampoo independently. Rubber knobs gently massage the scalp. Handle is slightly curved and angled for an easier reach. Non-slip rubber handle provides a comfortable grip.

**PR45043**

**1 Economy Suction Brush**

Scrub with just one hand. Attach the economy suction brush onto the sink for convenient one-handed scrubbing. A lightweight plastic base holds seven rows of 13mm (½") long stiff nylon bristles. Ideal for cleaning dentures or fingernails. Rubber suction feet secure the brush to most surfaces. Measures 38 x 100mm (1½ x 4").

**PR45045**

**2 Suction Emery Board**

The suction emery board consists of two grades of emery cloth covering a 100mm (4") long board. Two suction cup feet keep the board stationary while filing nails.

**PR45064**

**3 Suction Denture Brush**

Clean dentures easily with just one hand. This double-sided brush has two suction feet that securely hold the base in place during use. The large brush has even length bristles, and the small brush has contoured bristles for hard-to-clean areas.

**PR45044**

**4 Derby Tap Turners**

Fits crosshead and crystal taps, making them easier to turn. Hard Wearing - Easily fitted and providing outstanding grip with no tools required.

Modern Design - An innovative design to make the operation of taps easier. These are durable and multifunctional devices to help users with weak hand strength to operate taps.

The design makes the operation of taps easier. The handle has a rubber moulding to give a firm and controllable grip. The Derby Tap Turner is made of plastic, and is therefore rust proof and always warm to the touch. The Derby Tap Turners have colour coded handles to clearly identify hot and cold taps.

The Derby Tap Turner is an economical alternative to replacing taps. They are easily and quickly fixed to most crosshead and crystal taps without the use of any tools. An internal rubber coating ensures an effective grip with smooth operation and with protection for the tap.

The Derby Tap Turners are sold in packs of two, one cold (blue handle) and one hot (red handle) tap turner. The width capacity for the tap turner is 60mm diameter.

**PR45564**

**5 Easiturn Tap Turner**

These aesthetically designed tap turners fit easily onto crosshead style taps and act as convenient levers making turning the tap on and off much easier. Made of high quality plastic, the tap turners are supplied in pairs with one red and one blue turner. The turners also feature a Braille symbol "C" and "H", making them useful for those with a visual impairment.

## 4 Bath Pillow

Recommended for those at risk of developing pressure sores this PVC inflatable cushion covered in terry cloth, provides cushioning between the bath and skin. Four suction cups enables the cushion to be used in the bath without fear of slipping.

**PR45982**

**1 Quick Suction Rail**

The Quick Suction Rail is designed to assist your natural motion when stepping into or out of the shower/bath or when you just need that extra support. The plastic rail features ribbing along the hand rail to give additional grip and reduce the risk of slipping. The grab rail attaches to any smooth non-porous surface using suction cups meaning that no drilling is required to mount the bars. Ideal for use on tiled walls or where drilling is not possible. Length 410mm (16") **PR45750**

**2 Moulded Fluted Grab Rails**

This cost effective range of plastic grab rails have circular fixing plates supplied with a covering disc. The disc (A) is clipped over the attachment screws, creating a fully insulated handle or rail. The range consists of four rails, which are useful for the bathroom, corridors and stairways. The rails are fluted to provide better grip for wet hands. Diameter of tubes 1 1/2" Distance from wall 2 1/3" Disc diameter 3 3/8"

Code	Length	Weight
<b>PR45712W</b>	304mm (12")	295g
<b>PR45716W</b>	406mm (16")	395g
<b>PR45718W</b>	457mm (18")	440g
<b>PR45724W</b>	609mm (24")	595g

**3 BathTap Rail**

The rail clamps firmly around the taps and provides a hinged support bar over the bath for assisting with raising and lowering. The cross bar has extended sides to sit on the rims of the bath and the rail can be folded back out of the way when not in use. Plastic end caps are fitted to help protect the bath. Max diameter of taps 76mm (3 1/8") length from taps 323mm (12 3/4") Width of cross bar 673mm (26 1/2") Weight of 1.6 kg **PR45563**

## 1 Ashby Angled Grab Bar

A grab bar which can assist the user in rising or lowering. Particularly useful in toilet assists. The angled design can be used to support the forearm to give leverage and support and the profiled design gives a pleasant non slip grip. White ABS plastic. Length 330mm (13") Depth from wall 50mm (2")

**PR45218**

## 2 Steel Grab Rails

Plastic coated grab rails available in three lengths. Manufactured from 25mm (1") tube. Two fixing holes with flat fixing plates.

**PR45560 457mm (18")**

**PR45561 609mm (24")**

**PR45562 685mm (27")**

## 3 Bath Tub Grab Bar

Bathtub grab bar with hand-holds for added security. Clamp can be adjusted from 76-177mm (3-7"), overall height 495mm 19.5" height above the tub 374mm (14.75").

**PR45422**

## 4 Prima Grab Bars

An innovation in safety grab rail design. The New Prima grab bar is one of the strongest and most attractive grab bars on the market. The bars feature special soft grip mouldings around the bar to reduce the risk of slipping, even with wet soapy hands. The bars are strong one piece moulded plastic with a super reinforced strength of an internal non rust aluminum tube. The ergonomical grip is comfortable and never cold to touch, unlike most metal grab bars. The straight bars can be mounted horizontally, vertically or diagonally. The two specially designed angled grab bars are ideal next to the WC, helping users with weak hand strength to rise from the seat.

Reinforced screw mounting points are concealed by colour co-ordinate plastic covers.
