1 The Lubidet

The Lubidet offers improved hygiene, independence and personal dignity to people who have difficulty adequately addressing their cleansing needs.

Requires no additional space in the bathroom, it simply replaces the existing seat and lid and can be installed on most toilets.

Provides hands free personal hygiene with a gentle warm water wash and warm air dry. The warm air and water are controlled by depressing pneumatic green and red pressure pads that can be positioned to suit user operation by hand, foot, elbow, shoulder etc. The temperature of the water can be adjusted for personal comfort, the soothing, warm water stream can also be especially helpful after peri-natal surgery, post partum discomfort or general hygiene concerns.

Installation can be easily carried out by a qualified electrician/plumber.

Lubidet is fully approved to industry standards.

3 Swift

The Swift Commode and Free Standing Toilet Seat Raiser are both modular in design and height-adjustable the commode chair has detachable padding for the seat and backrest. As with other products in the Swift family, the commode and Free Standing Toilet Raiser is designed with infection control, functionality and simplicity in mind. Besides the commode function, the Swift commode may also be used as a shower chair or over the toilet as a freestanding toilet seat raiser. Besides the toilet function, the Swift Free Standing Toilet Seat Raiser may also be used as a shower stool. The flexible, yet stable construction allows all four legs to stand firmly even if the floor is uneven. The seat of Swift free-standing can be set slightly angled. This option makes it easier for the user to stand up from the toilet seat raiser. The armrests are easy to remove if necessary. The Swift commode and the Free Standing Toilet Seat Raiser are both easy to assemble handle and clean. They are light weight which makes it easy to move, and it can be brought directly to the shower for easy cleaning. Both products come flat-packed and are Grey in colour.

1 Fold Away Grab Rails

Epoxy coated tubular steel rails in trombone shape. The base plate has four mounting points to secure it to the wall. These rails should be fitted by a competent person to a wall capable of supporting the weight of the rail and the load imposed on it by the user. Can be mounted singular or in pairs to provide support all around the toilet. The Fold Away Grab Rail is also available with a supporting leg, ideal for use where a wall mounting alone would provide insufficient support. The leg has a non slip rubber ferrule and can be adjusted using a simple E clip.

Wall bracket measures 127 x 300mm (5" x 12").

1 Rehosoft Raised Toilet Seat

This toilet raising block made from polyurethane, injected foam and sanitised PVC, is hygienic and protects against bacteria. It raises the seat of the toilet by 111mm (4½") and weighs 2 kgs with a weight tolerance of 120kg (19 stone). This raised toilet seat is safe and fits snugly and securely on to the majority of toilet bowls without tools or clamps. It is ideal for people who have trouble sitting down and getting up from a standard toilet, and the softness of the seat allows them to stay sitting comfortably for longer periods. This raised toilet seat can be cleaned easily with soapy water or a household cleaner and can be sprayed with disinfectant if necessary.

Dimensions: 410 x 380 x 163mm (16" x 15" x 6.5")

PR50001

Max user weight  

2 Padded Toilet Seat with Rim and Vinyl Cover

Padded foam toilet seat with washable vinyl cover. The plastic rim on the bottom of the seat helps secure position.

PR50648

3 Padded Toilet Seat with Straps

Padded foam toilet seat with washable vinyl white cover, secures with hook and loop straps on underside, provides an ergonomic way of adding seats to commode and toilet seats.

PR50646 50mm (2") in height

PR50647 100mm (4") in height

4 Raised Toilet Seat with Arm Rests

A white moulded polypropylene raised toilet seat with hinged lid. The sturdy, easy grip arm rests offer support to the user and can be raised for transfer or easy access from either side.

	Seat	Overall
Height	70-150mm (3-6")	210mm (8")
Width	390mm (15")	540mm (21")

5 Ashby Wide-Access Toilet Seat

For people who have difficulty with personal cleansing the Wide-Access seat offers the widest cut-away's, both front and rear. Cleaning access problems are greatly reduced by this special design seat.

The seat is securely attached to most WC without tools, by four adjustable fixing brackets. The Wide Access is a one piece comfortable contoured moulding, without joints or seams for maximum hygiene. The seat height is 100mm (4"). It has permanent built in anti-bacterial action.

PR50620

1

1 Commode Ring

Our Commode Ring cushion is filled with chips specially developed to be both smooth and resilient. Smooth for comfort whilst still allowing the inherent dynamics of the elastic foam to make each chip spring back to its original shape. This enduring resilience ensures longer lasting and effective weight absorption and pressure redistribution away from the bony prominences. The cushion can be wiped down with a soapy solution as it has a vinyl cover or dry cleaned without losing the pressure reducing qualities. Diameter 45cm, Height 10cm.

PR50590

2

2 Oak Leaf Bed Pan

Polypropylene bed pan with handle for ease of use. Autoclave or chemical cleaning. Dimensions: 430 x 320 x 120mm (17 x 12 x 5")

PR50008

3

3 Bidet Bowl

The ideal solution to personal cleansing. The bidet bowl fits inside the toilet bowl converting a standard toilet to a bidet. Please note this product is not suitable for use with raised toilet seats.

PR50006

4

4 Fracture Pan

This polypropylene fracture pan is ideal for use by people who are immobile due to broken limbs or hip replacements and is easy to position. Autoclave or chemical cleaning. Dimensions: 430 x 290 x 120mm (17 x 11 x 5")

PR50007

5 P-Guard

The P-Guard prevents embarrassing and unhygienic accidents, which sometimes happen when gentlemen have to sit to use the toilet.

Fixes with self-adhesive pads to any porcelain WC or with screws to any raised toilet seat. Easily detachable. Easy to clean. Safe soft flexible cup. Jointed links allow variable positioning. From a seated position, the cup deflects urine down into the WC. The flap prevents spillage under the toilet seat.

4 Female Urine Bottle

This urinal is made from clear plastic, with its cleverly designed spout this makes the user feel comfortable. Easy to dispose of fluids. Will hold up to 500ml of fluid.

PR50560

5 Female Urinal

A white plastic female Urinal, ideal for bed or wheelchair use. Protected by 'Bio-cote' Advanced Surface Hygiene. Made from Polypropylene the capacity is 1000ml.

PR50004

1 Travel John

Discreet, portable and disposable urinal is ideal for situations when toilet facilities are limited. The Travel John will hold up to 28 fl.oz, and turns the liquid into gel. Suitable for men, women and children. 3 per pack

PR52160

2 Easywipe

This totally new and innovative design overcomes the drawbacks of any existing devices and ensures personal hygiene for those who find reaching difficult.

The design of the Buckingham Easywipe has been thoroughly researched and the resultant ergonomic shape helps anyone with limited dexterity.

The patented shape and mechanism of the Buckingham Easywipe grips the toilet tissue firmly and releases it cleanly. The Buckingham Easywipe removes the need to touch the paper after using.

The Buckingham Easywipe has been designed to be both simple to use and easy to keep clean.

- Rounded, soft and smooth design.
- Longer than any existing device.
- Ensures easy reach.
- Works equally well with toilet tissue or wet wipe.
- Releases the tissue paper cleanly without the need to touch.
- Easy to keep clean with no dirt traps.
- Light strong and durable.
- Supplied with its own opaque carry case.
- Supplied in attractive retail packaging.
- Latex Free.

PR50562

3 Quad Inspection Mirror

The two handles on the 12" (30cm) long shaft make this mirror easy to bend or twist to the desired position. The oval mirror measures 100 x 150mm (4x 6") and is break resistant. Handle measures 140mm (5½") long and has an adjustable-length hand loop. Additional finger loop on the shaft.

Level of Incontinence

Total Absorbency measured in millilitres according to ISO11948-1 Standard test methodology

Stress/Light 	Moderate 	Heavy 	Severe 	Very Severe 
--	--	---	--	---

1 One Way Briefs

One Way briefs have a high cotton content for superior comfort and 'anti run back' elastics for effectiveness time and time again. The briefs contain a washable pad which is attached to the garment at the top and bottom. Some of these briefs dry three times faster than conventional continence care briefs.

A breathable waterproof backing sheet keeps the wearers skin dry and ventilated and additional pads can be inserted into the briefs to 'double the absorbency' – useful at night time to avoid any chance of leakage. Guaranteed for 200 washes

2 One Way Pouch Pant System

The One Way Pouch Pant System consists of pants and separate pads. The system is an efficient method of protecting the user from leakages - with the added advantage of very easy pad changes. The pants have a discreet integral pouch system which will hold either disposable or re-usable absorbent pad. The pants have a 'stay dry' layer next to the body and a waterproof outer layer to protect clothing.

- PR52127/XXL XX Large

4 Dry General Purpose Wipes

Convenient and easy to use, these strong, gentle and highly absorbent dry wipes are used for drying or as a washcloth. 100 wipes per pack
Wipe size: 290 x 330mm (11" x 13")

- PR52133 1 pack

5 Moist Patient Wipes

These gentle, pleasantly fragranced wipes are ideal when quick cleansing is required. They lift soiling quickly and easily and are supplied in an easily cleaned box with pop up lid to minimize hand contact and bacteria spread. The convenient size wipes are interleaved and dispense one at a time to prevent hand contact with the remaining wipes.

- PR52131 1 pack of 80 wipes
- PR52132 1 pack

6 Rectangular Pads

Rectangular pads are used to deal with slight incontinence. They have a waterproof backing and a super absorbent polymer making the pads less bulky and more absorbent. They are held secure by a self adhesive backing strip and worn in conventional underwear or stretch pants.

Code	Quantity		Absorbency	Level
PR52141	Mini	12 packs of 28 pads	400ml	
PR52141/1	Mini	1 pack of 28 pads	400ml	
PR52142	Midi	8 packs of 28 pads	780ml	
PR52142/1	Midi	1 pack of 28 pads	780ml	
PR52143	Maxi	4 packs of 28 pads	1250ml	
PR52143/1	Maxi	1 pack of 28 pads	1250ml	

1 Mini Shaped Pads

For slight to minor incontinence, these anatomically shaped pads are comfortable, discreet and secured in normal underwear or with stretch pants. They have a secure waterproof backing and a super absorbent polymer making the pads less bulky and more absorbent.

Code		Quantity	Absorbency	Level
PR52144	Mini	6 packs of 28 pads	390ml	🔥

PR52146/1	Maxi	1 pack of 28 pads	1000ml	🔥🔥🔥

1

2 Shaped Pads

For Medium to Heavy incontinence, these premium pads are widely used by healthcare professionals, including the NHS. The anatomic shape ensures comfort and standing cuffs prevent leakage. A 'Quickcore' draws urine into the pad and an extra odour locking super absorbent polymer locks it in place. They should be worn with stretch pants.

Code	Desc.	Quantity	Absorbency	Level
PR52147	Day	5 packs of 28 pads	1455ml	🔥🔥🔥
